Allowable Subject Matter

3. Claims 10,16-18,20-29, and 31 allowed.

4. The following is an examiner's statement of reasons for allowance: Regarding claim 10, none of the prior art of record discloses in combination with the other limitations of the claim manipulating said low-to-mid frequency band image to produce a contrast effect without affecting the overall dynamic range of said digital image.

Regarding claim 16, none of the prior art of record discloses in combination with the other limitations of the claim wherein said gain factor which multiplies said low-to-mid frequency band image is derived from a detail contrast control of said dynamic range control.

Regarding claim 17, none of the prior art of record discloses in combination with the other limitations of the claim wherein said gain factor which multiplies said mid-to-high frequency band image is derived from a sharpness control and said gain factor which multiplies said low-to-mid frequency band image.

Regarding claim 18, none of the prior art of record discloses in combination with the other limitations of the claim wherein said gain factor which multiplies said highest frequency band image is derived from a fine detail control and said gain factor which multiplies the mid-to-high frequency band image.

Regarding claim 20, none of the prior art of record discloses in combination with the other limitations of the claim wherein said gain factors which multiply said higher frequency bands are a function of said lowest frequency band image.

Claims 21-29, and 31 are dependent on allowable claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
